ABOUT VIVIANA

Viviana Álvarez creates interior design and decorating projects with a personalized approach, combining aesthetics, functionality, and attention to detail.

With specialized training in interior decoration, she develops tailored concepts that reflect each client's needs, preferences, and individuality, working across residential, commercial, corporate, hospitality, and event spaces.

Every project begins with a unique vision and evolves into a space designed to be lived in, enjoyed, and remembered.

Every space has a story.
We design the perfect setting to tell it.

Let's talk about your next proyect

VIVIANA ALVAREZ INTERIOR DESIGN

We create spaces with identity, harmony, and purpose, designed to reflect your style and transform the way you live.

DESIGN WITH PURPOSE

A well-designed space goes beyond aesthetics. It should reflect the people who live in it, use it, and enjoy it.

That is why every design concept brings together harmony, functionality, color, furniture, and decorative details to create cohesive, comfortable spaces with their own personality. Our goal is to transform every idea into an authentic space where every element serves a purpose.

OUR SERVICES

01 **Residential Design**
Personalized spaces tailored to every lifestyle.

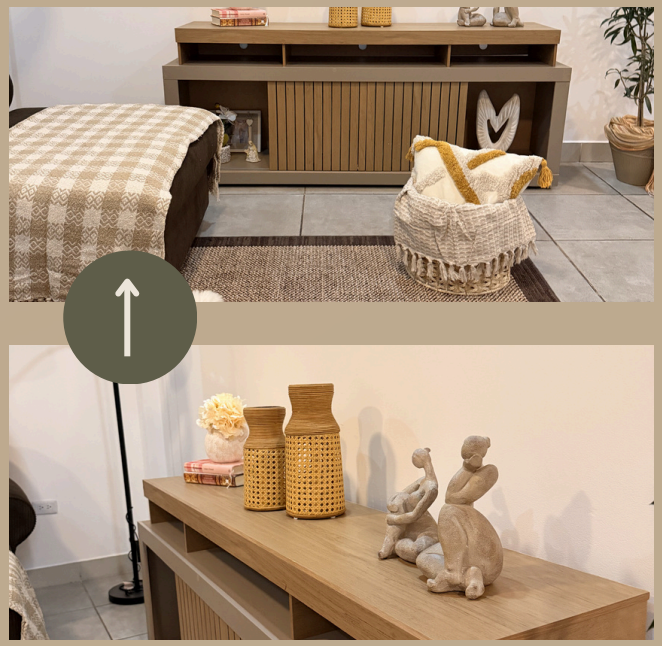
02 **Commercial Design**
Businesses and offices designed with identity and functionality in mind.

03 **Hospitality & Events**
Unique spaces for memorable experiences.

04 **Digital Visualization**
Design previews to visualize and refine every detail.

OUR PROCESS

We listen to your ideas and needs to create a personalized design proposal, with custom designs and quotes tailored to your style and budget.

Using digital visualization tools, you can preview your design, explore different options, and make adjustments before implementation.


Every detail is developed in collaboration with you.
